EXPERIENCE

StaffRoom AI

Founder & AI Solutions Consultant

Emeryville, CA

October 2023 - Present

- Interviewed operators, mapped workflows, and wrote the specifications. Active listening, process mapping.
- Delivered EZ-AI, problem-first training for adult domain experts. Taught where judgment is irreplaceable, then stepped back so they could run the work themselves.
- Trained a team to run and extend a workflow they owned. Processing time fell 98% against a measured baseline.
- Designed a shared workspace and enabled the people running it. Production volume increased 10x for agency clients.
- After launch I stay with the team: resolve user issues, keep a running list of remaining work, and report measured results to the people who own the process.

Wiz Music

Community Development Intern

Barcelona, Spain

May 2022 - July 2022

- Ran multilingual community operations in English, Spanish, and Catalan. Diagnosed Discord analytics (churn by tenure, joins by source), found reported growth was not organic, and raised it with the team.

IBM

Data Engineer / Cognitive Software Engineer, Customer Support

Austin, TX

August 2018 - December 2020

- Ran discovery sessions to surface what people needed, then wrote the notes and documentation that walked them through each change in the tools they already used.
- Worked inside a customer-support team. Put help in the channel people already used, cutting the most common issues from a multi-touch case to a single response.
- Kept client and case details confidential in a support organization that handled sensitive operational data.
- Built IBMLogAnalyze so support engineers could skip 1-3 hours of per-case log prep and start on the actual problem.

Valhalla Healthcare

Machine Learning Engineer (Intern)

Remote

May 2021 - August 2021

- Turned handwritten clinical notes into a structured data model (F1 80.03). A person still made the final call on the output.

Alpha Phi Delta, CU Boulder

Rush Chair, Executive Council

Boulder, CO

January 2019 - December 2021

- Hosted rush events, greeted prospects, and built the matching profiles the chapter used to convert signed bids.
- On Executive Council, kept academic records and wrote work-order RFPs.

EDUCATION

University of Colorado Boulder

B.S. Information Science; Major GPA 3.7 | Certificate of Cognitive Science; Dean's List

Boulder, CO

August 2018 - May 2023

- Coursework: Advanced Cognitive Psychology; User-Centered Design; Community-Based Design.

RC Health Services

Emergency Medical Technician

Austin, TX

2024

SKILLS

Care & communication: English (native); conversational Spanish (two years university coursework; English/Spanish/Catalan workplace in Barcelona); family- and stakeholder-facing communication; active listening; confidentiality; phones and computer work.

Health & safety: EMT (2024), patient assessment and BLS, radio/team communication under uncertainty.

Learning support (adult, adjacent): Certificate of Cognitive Science; problem-first enablement (EZ-AI); documentation and materials a team can keep using after handoff.

Gaps named: no classroom, camp, tutoring, or ECE units; applying to assist under a lead teacher and start ECE coursework while employed.

Clearances: ready to complete fingerprinting, a health screening and TB test, SB 792 immunizations, and mandated reporter training for this role.
